Re: Public Record Request
Superfund Records for Lake County, IN

Dear Ms. Rzeznik:

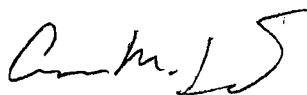

Pursuant to the Freedom of Information Act, I would like to review Superfund records for the list of site names on the attached table. The majority of the sites are located in East Chicago or Gary, Indiana. To be specific, I am only interested in the 104(e) letter responses listed on the table under the "Activities" only. Please make sure that any records maintained by EPA and stored at the Federal Records Center related to this request are made available.

In addition to the site on the attached table, please also provide any RCRA records concerning Professional Locomotive Services and/or Continental Machine & Engineering Co. located at 4949 Huish Drive in East Chicago.

LECG will reimburse EPA up to and including \$1,000 for staff/research fees as well as duplicating costs. Any fees/costs over this amount should be discussed prior to generating such costs.

If you have any questions, please contact me at 610-254-4020.

Sincerely,

Ann M. Land
Senior Consultant
